

Spirituality in Art and Design

Through Art and Design at Heartwood, we enable spiritual development by appreciating and responding to a wealth of artists and their work, with many different social, historical and geographical backgrounds.

By using creativity and imagination, the students at Heartwood can imagine and make products that solve real and relevant problems within a variety of contexts, considering their own and others' needs, wants and values. Encouraging creativity allows pupils to express innermost thoughts and feelings, to reflect and learn from reflection, for example, asking 'why?', 'how?' and 'where?'
