

Otter Class Learning—Summer 1

Maths

We will be completing our unit on addition and subtraction and then moving onto fractions.

We will then be developing our skills with pictograms and data reading skills.

Lastly we will be exploring Money and counting amounts of money

ART/ DT

We will be finishing off looking at ancient scrolls from the Egyptian period and producing our own version that tell our story.

We will also start, towards the middle of the term, looking into programme development with wearable digital devices.

English

We will start the term exploring and writing fictional instructions based on the book "How to Wash a Woolly Mammoth"

We will be using our knowledge on Henry VIII to write a non chronological report about his life and the influences he has made on society.

We will then look at Haiku poems.

History

We will be finishing our unit on King Henry VIII then we will be learning about Malala Yousafzai and her impact.

Geography

This half term we will be finishing learning about sustainable fishing and how our choices can influence others.

We will be learning about extreme weather and natural disasters.

Science

We will finish our forces unit and then we will be looking at Plants, thinking about what they need to grow, how seeds are dispersed and the anatomy of the plant. We will be exploring these ideas with experiments.

Forest

There is no forest this half term.

PE

We will be swimming on **a Wednesday afternoon please send children in with their Swimming kits in a non-plastic bag** (swimming costume, towel, spare underwear).

Please send wearing PE kits on a Friday, we will be focusing on athletics.

Life Skills

Please see the life skills letter for an in depth overview of this terms learning.

Wednesday - Swimming

Friday - PE kits
