Introduction

Our SEN Information Report outlines how Heartwood Church of England VC Primary and Nursery School supports children with Special Educational Needs (SEN). It complies with the **Children and Families Act 2014**, the **SEND Code of Practice (2015)**, and links to our school's SEND Policy and the Local Offer provided by Norfolk County Council. The local offer is where parents can find information on services and support available in Norfolk for their child.

All schools have a legal duty to publish on their website how they support pupils with SEN in their school and this must be updated annually.

At Heartwood, we are committed to working together with our school community and would welcome your feedback and future involvement in the review of our offer.

Our SEND Coordinator and Inclusion Lead

Our SEND Coordinator is Miss Marie Compton. She liaises with the families of pupils on our SEND register and has the day to day responsibility for the operation of the SEN policy and coordination of specific provision in the school. The SENDCo works with the headteacher and SEN governor to determine the strategic development of the SEN policy and provision at Heartwood.

The SENDCo advises on the graduated approach to providing SEN support and ensures records of all pupils with SEN are up to date. She advises on the school's SEND budget and other resources to effectively meet pupil's needs. The SENDCo liaises with external and support agencies and future providers of education to ensure a smooth transition for pupils.

SENCO- Marie Compton

E: senco@heartwood.norfolk.sch.uk T: 01760 721357

The SENDCo's working days are Monday, Tuesday, Wednesday and Thursday am. Please email or call the school office to talk with her.

Headteacher – Rebecca Starman

E: head@heartwood.norfolk.sch.uk T: 01760 721357

Special Education Needs Governor – Michael Smith E: msmith@heartwood.norfolk.sch.uk T: 01760 721357

Learners at Heartwood

At Heartwood we have developed a calm, nurturing and inclusive environment for all. We pride ourselves on our Hygge learning environment which supports the learning of all pupils. We want all children to engage in learning and we celebrate all members of our community. We foster an inclusive culture in school and aim to be more responsive to the diversity of children's backgrounds, interests, experience, knowledge and skills. We value high quality teaching for all learners and actively monitor teaching and learning in the school. We monitor the progress of all learners through regular pupil progress meetings and share good practise within the school.

All children have Forest School lessons and participate in outdoor learning. This 'hands on' and practical curriculum supports a range of learning styles. We ensure that all pupils in our school are equally valued by having equal access to a broad and balanced curriculum, which is adapted to meet individual needs and abilities.

Special Educational Needs Provision

At different times in their education, a child or young person may have a special educational need (SEN). The Code of Practice defines special education need as:

"A child or young person has SEN if they have a learning difficulty or disability which calls for special educational provision to be made for them. A child of compulsory school age or a young person has a learning difficulty or disability if they:

- (a) have a significantly greater difficulty in learning than the majority of others of the same age, or**
- (b) have a disability which prevents or hinders them from making use of educational facilities of a kind generally provided for others of the same age in mainstream schools or mainstream post-16 institutions."**

Special educational provision is educational provision that is additional to, or different from, that made generally for other children or young people of the same age by mainstream schools.

We categorise SEND under four broad areas of need:

- Communication and Interaction- speech and language difficulties, autism spectrum conditions

- Cognition and Learning- dyslexia, dyspraxia, moderate/severe learning difficulties
- Social, emotional and mental health difficulties- ADHD, anxiety, behavioural challenges
- Sensory and or physical needs- visual or hearing impairments, physical disabilities

Profile of Special Educational Needs at Heartwood CE VC Primary and Nursery School

Data is current from September 2026 but figures may change throughout the year. Data is based on a pupils' primary area of need. However, some pupils have a secondary area of SEN.

	Communication and Interaction	Cognition and Learning	Social, Emotional and Mental Health	Physical and or Sensory
Number of pupils	26	15	21	4
Percentage of SEND	39%	23%	32%	6%

SEND Profile September 2026

SEND Profile per Year Group – September 2026

	Social, emotional	Cognition and learning	Communication and interaction	Sensory and physical	EHC Plans	Total on SEN register

	and mental health					
Nursery	0	0	1	1	0	2
Reception	0	0	6	0	1	6
Year 1	0	0	8	1	2	9
Year 2	2	2	3	1	2	8
Year 3	5	4	2	1	1	12
Year 4	5	4	1	0	0	10
Year 5	5	3	3	0	1	11
Year 6	4	2	2	0	1	8
Total	21	15	26	4	8	66

Policies for Identification and Assessment

The SEND Information Report links to the following policies which are available on the school website [Heartwood CoFE VC Primary & Nursery School - Policies:](#)

- SEND policy
- Anti-Bullying Policy
- Admissions Policy
- Relationships and Behaviour Policy
- Equality Policy
- Safeguarding Policy
- Supporting Children with Medical Needs Policy
- Intimate Care Policy
- Complaints Procedure
- Safer Sleeping Policy
- Mental Health policy
- Accessibility Plan

Identifying Pupils with SEN

1) Initial concern

Depending on who raises the initial concern, the following process is followed to identify pupils with SEN:

Class teacher raises a concern- If the class teacher has concerns they will complete an internal referral form and discuss with the SENCO.

Member of staff has a concern- if any member of staff including support staff or midday supervisors have a concern they will speak to the class teacher in the first instance. If the class teacher agrees or has concerns they will complete an internal referral form for the SENCO.

SENCO raises a concern – through learning walks, pupil progress meetings, book looks and observations the SENCO will identify behaviours or needs of a child that require further investigation.

Parents/carers raises a concern - please speak to your child's class teacher or the Key Stage Lead regarding your thoughts in the first instance. This information will be passed to the SENCO and Family Support Worker where necessary.

2) Next step following an initial concern

The SENCO will look at the child's attainment and progress data then have a conversation with the class teacher and or parents/carers about the child. Afterwards, the SENCO will complete an in-class observation of the child and the class teacher will complete an INDES form.

3) Final step

Once all the information is gathered, the SENCO will discuss findings with the teacher, parents/carers to make an informed decision about whether their child's needs require them to be added to the school's SEN register. The SENCO may decide that the child would benefit from being closely monitored for a period of time before going on to the SEN register. Where it is necessary, external services such as Educational Psychology and Dyslexia Outreach are used to complete further assessments.

Supporting pupils with SEN

The SEND Code of Practice states that, for learners identified as having additional needs, teachers are required to remove barriers to learning and put effective special educational provision in place through SEN support. The effectiveness of provision for SEN is evaluated through the graduated approach (assess, plan, do, review).

The SEN support plan is drafted by the class teacher, with support from the SENCO. Support plans are then discussed and edited with parents/carers and pupils before they are finalised. The targets on the Support Plan are reviewed termly, with involvement from the class teacher, pupils, parents/carers and any other relevant professions detailed on the plan.

Assess - we assess the children's academic attainment termly using our school tracking systems.

Intervention assessments are completed at the beginning and end of each term, or when the intervention program finishes. The children's assessment data is analysed termly during pupil progress meetings.

Plan - Evidence-based interventions are used throughout the school and the SENCO and SLT will support class teachers to implement these. The appropriate intervention will depend on the data provided by teachers in pupil progress meetings.

Do - This is the time allowed for the interventions to take place. It will include the frequency and duration of the intervention.

Review - The impact of the interventions are evaluated through assessment tools and evidence in books. Children's provision is reviewed with involvement from the class teacher, pupils, parents/carers and any other relevant professions. Provision will then be adapted where appropriate.

The SENCO reviews the school's graduated provision map regularly to evaluate the quality of provision and adapt to meet changing need in the school.

Assessing and Reviewing Progress

Half-termly pupil progress meetings are used to discuss and track pupil progress and attainment. This can be used to track the progress of pupils on the SEND register and identify any pupils who may need additional support to make progress. For pupils with a support plan, staff assess the children's progress termly using some of the assessments below. Intervention assessments are completed at the beginning and end of each term, or when the intervention program finishes to have up to date knowledge of the child's need and next steps in their learning. These assessments will inform reviews of the APDR cycle and the provision that is put in place. If a child is not making progress then the provision will be adapted to meet their need. Provision at Heartwood is shown on our Graduated Provision Map. This can be found on the SEND page of the school website [Heartwood CofE VC Primary & Nursery School - Special Educational Needs and Disabilities \(SEND\)](#).

- Just One Norfolk NHS Speech Sound Screen
- Talk Boost Assessment Tool – EYFS communication
- Wellcomm Assessments
- Medium/High frequency word checklists
- Precision teaching trackers
- THRIVE Profile – social, emotional, mental health
- Pixl Therpies - Maths and Reading
- RWI Phonics Assessments
- Lego Therapy tracker

Pupils with EHC Plans

Parents can also independently apply for an EHC Plan and more information about this can be found on the LA website <https://www.norfolk.gov.uk/article/57629/Who-can-request-an-EHC-needs-assessment>

The Teaching Approach at Heartwood

- Communication Aids
- Dyslexia, ADHD and Autism friendly classrooms
- Visual timetables
- Gradual release model- I do, we do, you do
- 'My turn, your turn' vocabulary recall
- Widget Symbols to support learning and teaching new vocabulary
- Manipulatives and physical representations in maths
- Chunking of learning, over-learning facts, concepts and vocabulary
- Exit questionnaires are used to check understanding
- Using short, clear instructions
- Talk partners and used to share ideas
- I-pads, laptops or other alternative recording devices
- Positive behaviour rewards system

Adaptions to the Curriculum and Learning Environments

Staff adapt the curriculum and learning environments to help children with SEN thrive. This allows for a wide range of learning styles, abilities and individual needs. These adaptations include:

- Making written information more accessible- coloured overlays, coloured paper, large text, dyslexia friendly font, large spacing, Widget symbols, chunking of tasks, writing frames, task boards.
- Adapting the curriculum- Enhanced Specialist Provision, sensory breaks, sensory circuits, chunking learning, gradual release model, changes to teaching and learning arrangements, classroom organisation and timetabling.
- Using assistive technology- text-to-speech software, SEN specific software, laptops/ipads, recording tins.
- Supporting pupils who have ongoing medical or health needs- lessons are adapted, use of Seesaw online learning platform, Individual Healthcare Plans, Intimate Care Plans and liaison with NHS professionals.
- Adapting the physical environment- seating arrangements, ramps, signage, work stations. This is outlined further in our **Accessibility Policy**. [Click link for Accessibility Policy](#)

In our recent Ofsted Report, July 2023, it was noted that:

‘Pupils with special educational needs and/or disabilities (SEND) are supported effectively. A small number of pupils benefit from a well-designed nurture provision. This provides them with the help they need to access the curriculum. Staff are trained to use strategies that support pupils with SEND to complete work appropriate to their stage of learning. This ensures that pupils with SEND learn well across the curriculum and alongside their classmates.’

Additional Support for Learning

Children on the SEN register need different amounts of support in order to make good progress. This additional support includes the interventions below:

Interventions to support Social, emotional and mental health	Interventions to support Cognition and learning	Interventions to support Communication and interaction	Interventions to support Sensory and physical
Enhanced Specialist Provision (ESP) Forest School sessions Play Therapy Thrive Therapy Time to Talk Yoga and Mindfulness	RWI 1:1 Tutoring Precision Teaching Beat Dyslexia Write from the Start	Wellcomm Attention Autism Talk Boost Speech and Language Therapy Lego Therapy Curiosity Approach Engagement Model	Nurture Classrooms Sensory Circuits Zones of Regulation Group Yoga sessions

Enabling Participation in School Activities

All staff at Heartwood CE VC Primary and Nursery School follow the Equality Act 2010 which places specific duties on schools, settings and providers including the duty not to discriminate, harass or victimise a child or adult linked to a protected characteristic defined in the Equality Act and to make “reasonable adjustments”.

The Equality Act 2010 definition of disability is:

“A person has a disability for the purposes of this Act if (s)he has a physical or mental impairment which has a substantial and long-term adverse effect on his ability to carry out normal day-to day activities.”

This definition of disability in the Equality Act includes children with long term health conditions such as asthma, diabetes, epilepsy, and cancer. Children and young people with such conditions do not necessarily have SEN, but there is a significant overlap between disabled children and young people and those with SEN. Children and young people may therefore be covered by both SEN and disability legislation. We are committed to inclusion and equal access for all children regardless of SEND. All pupils with SEND are actively encouraged and supported in taking part in all aspects of school life. Our school’s admission policy does not discriminate against any child because they have a SEND and we work hard to ensure that any child in our school is not subject to bullying.

A variety of strategies are used to make sure that pupils with SEN can engage in all activities in the school. This includes both learning and extra-curricular activities in the school:

- Adult or peer support e.g. talk partners, support from an adult
- 1-1 or small group therapies e.g. speech and language therapy, occupational therapy, play therapy, Thrive
- Specialist equipment e.g. sensory aids, communication aids, movement aids, assistive technology, sport and playground equipment, classroom chairs and tables
- Physical environment e.g. Bears and Moles nurture provision, quiet areas for learning, The Nest, Hygge learning environments, Dyslexia friendly and Autism friendly classrooms, ramps, doorways, clear corridors, non-slip flooring, accessible toilets, handrails, changing facilities, soft lighting, clear and visual signage, edge of steps/ramps highlighted, natural light.

The SENCO monitors pupil engagement in extra-curricular clubs to ensure inclusivity and adaptations to clubs are made where necessary.

Emotional, Mental and Social Development Support

Our Heartwood vision is to **Live Life in all its Fullness**. Our inclusive culture enables everyone to flourish in their own unique way. Children's hearts and minds grow stronger as they learn every day.

We provide a rich variety of experiences so that all pupils love to learn and dream big. Opportunities enable them to achieve and succeed. They are determined to make a difference, to live life in all its fullness.

We value the importance of healthy minds and take a whole school approach to meet the Social, Emotional and Mental Health needs of pupils.

We've developed a whole school approach to Zones of Regulation (ZOR) and every child in the school has a peg doll to visually show how they are feeling. Children are encouraged to do this every morning and when they return from lunchtime play. We also have ZOR resources in safe spaces throughout the school for the children and staff to access when needed. All staff are trained in Zones of regulation and how to support children with their emotional regulation.

Throughout the school we start every day with Toast, Talk and Tales. This provides the children with a soft start and allows them to talk to someone about how they are feeling, have some breakfast and enjoy a story.

We also have a full-time Family Support Worker, Miss Carrie Fisher, who works closely with the children and their families. She completes regular time to talk with specific children and provides support to families when needed.

E: familysupport@heartwood.norfolk.sch.uk T: 01760 721357

Other approaches we use include:

- Thrive 1-1 and small group therapy
- The Nest daily lunchtime club

- Morning and afternoon sensory circuits
- Whole school sensory circuits to support transitions following play and lunchtime
- School ambassadors
- Outdoor classroom
- Forest school sessions
- Allocated school Senior Mental Health Leader
- Teaching of relaxation techniques e.g. mindfulness, breathing
- Free after school clubs
- Young Carers Club
- Children's Mental Health Champion

Children that are expressing high levels of distress or need maybe able to access the following:

- Play therapist referral
- Referral to a Mental Health Support Team- CAMHS
- Enhanced Specialist Provision- Bumblebees class

These would be discussed and agreed first with parents/carers, teachers and the SENCO.

Expertise and Training of Staff

The SENDCo holds the NPQ SENCO qualification and attends regular training delivered by the Local Authority, VNET and other professional bodies.

On-going professional development occurs for all staff, to ensure knowledge of the assess, plan, do and review progress, learning styles, adaptations, specific learning difficulties and approaches.

We currently have staff trained in the following:

Social, Emotional and Mental Health	Cognition and Learning	Communication and Interaction	Sensory and Physical
• Norfolk Steps • Thrive- whole school • Trauma and Attachment • ADHD and emotional regulation strategies • PACE strategies	• Adaptive teaching • RWI phonics tutoring • Precision Teaching • Working memory • Dyslexia strategies • Colourful Semantics	• Talk Boost • ASD • Early communication skills • Engagement Model • Attention Autism	• Forest school • Sensory circuits

Future training will continue to be linked to the emerging needs of the school.

External agencies

The SENCO liaises with professional from outside agencies regularly, for advice and support. Over the last year these have included:

- **Education services:** Virtual School Sensory Support, Virtual School Looked After Children, Educational Psychology Specialist Support, SEND and Inclusion Team, Dyslexia Outreach Service, Access Through Technology, Schools and Community Team.
- **Health services:** Just One Norfolk, NHS Speech and Language Therapy Service, Occupational Therapy, Supporting Smiles, Ormiston Families, Mental Health Support Teams.
- **Social care services:** Early Help, Early Childhood and Family Support Service, Family Support Process.
- **Third sector services:** Benjamin Foundation, Nelson's Journey, The Parachute Project, Family Action.

SEND funding

In the last academic year, a significant proportion of our SEND and Element 3 'top up' funding has been used to run our Enhanced Specialist Provision within school. This provision supports the needs of pupils who cannot access their mainstream classroom. Pupils in the ESP learn within a small class environment and have a high adult ratio. Funding has also been used to support SEMH needs as this was our highest area of need. This has included purchasing sensory resources, ADHD and Trauma and Attachment Training, Thrive Therapy and Play Therapy.

This academic year we are continuing to run our ESP (Bumblebee Class) which supports up to 12 pupils. All teachers have THRIVE training and we have two trained THRIVE practitioners who will provide support to the wider school. We offer a morning and afternoon Sensory Circuit intervention to support children with regulation and provide a calming intervention at the start and end of the day.

Due to our high level of Communication and Interaction need, funding is used to support early communication and language skills. Our SALT TA delivers Talk Boost, Wellcomm and speech and language therapy across the school.

As a school we have bought into the Dyslexia Outreach service to provide staff training on dyslexia friendly classrooms and working memory. We have also purchased the GL Dyslexia screener to look for indicators of dyslexia. This year we have also used funding for specialist training offered through VNET.

The SENDCo updates the schools Graduated Provision Map annually or sooner if needed and submits an INDES for pupils who require additional funding. The INDES (from Reception upwards) is used to highlight the specific needs of a pupil and aids the collection of information about a cohort of children and young people. The Inclusion and SEND team determine the allocation of Element 3 SEN funding for schools based on this information.

For children in our Nursery, we can apply for EYFS SENIF funding on a termly basis and funding is allocated depending on the need of the child. More information can be found on school budget share [Childrens Services ICT Solutions](#).

Working with Parents and Carers

Parents/carers can communicate with the class teacher on a day-to-day basis. This can be via the school office or speaking to staff at drop off/pick up. They can also email or telephone the SENDCo to speak with her directly. The SENDCo's working days are Monday, Tuesday, Wednesday and Thursday am.

Parents/carers of children with SEN are supported and encouraged to give their views and participate through:

- Support Plan and EHCP Annual Review meetings
- Parent teacher and SENDCo consultations
- Meetings with the SENDCo
- Parent voice questionnaires on SEND provision
- Parent governors
- Attending SEND and Inclusion cafes
- Half-termly work shares

Involving Pupils with SEND

Pupils with SEN are supported to give their views and participate through:

- Support Plan and Positive Behaviour Plan pupil voice
- EHCP Annual Review pupil voice
- Pupil voice is captured using questionnaires
- School council and ambassadors
- Wishes and feelings with Family Support Worker

All pupils have the opportunity to attend in school extra-curricular clubs led by members of staff and/or outside organisations. They are encouraged to take part in sports day, school performances and enrichment opportunities. All pupils are encouraged to go on our residential trip(s) and trips will be adapted to meet their needs, where necessary.

Pupils are encouraged to access the Norfolk SEND Youth Forum and as a school we share any SEND specific clubs and activities that are available through social media and newsletters.

Complaints Procedure

Concerns about SEND provision at Heartwood should be made to the class teacher in the first instance. This can be done in person, in writing or by telephone. If the issue remains unresolved, then the following steps should be followed. These steps must be followed in order.

1. Meet with the class teacher to discuss the concern
2. Meet with the SENDCo
3. Meet with the Deputy Headteacher

4. Meet with the Headteacher

5. Meet with the chair of governors

If all steps do not produce a resolution, parents/carers may then be referred to the school's complaints policy. Further information about the complaints procedure can be found here [Heartwood CofE VC Primary & Nursery School - Policies.](#)

Parents and carers can access the Norfolk SEND Information, Advice and Support Service (SENDIASS), for free, impartial and confidential information, advice and support.

E: sendpartnership.iass@norfolk.gov.uk T: 01603 704070

[SENDIASS Home - Kids](#)

The parents of pupils with disabilities have the right to make disability discrimination claims to the first-tier SEN tribunal if they believe that our school has discriminated against their children.

They can make a claim about alleged discrimination regarding:

- Exclusions
- Provision of education and associated services
- Making reasonable adjustments, including the provision of auxiliary aids and services

In accordance with equality law, we will consider making reasonable adjustments if required, to enable complainants to access and complete this complaints procedure. For instance, providing information in alternative formats, assisting complainants in raising a formal complaint or holding meetings in accessible locations.

Phase Transfers and Transitions

Planning for transition is a part of our provision for all learners with SEN. This can be transitioning to a new class in school, having a new teacher, or moving on to another school. We are committed to working in partnership with families and other providers to ensure positive transitions occur.

New to Heartwood- Please notify the school if your child has a SEND need. If a pupil is new to the school and has SEN, the SENCO will contact the previous setting to gain an understanding of the pupils needs and provision required to support them. This information is then shared with relevant staff to support a smooth transition. The SENCO or class teacher may also contact the parents/carers and arrange a visit to the school and liaise with them to ensure the child's transition is positive.

Transition to high school- For pupils with an EHCP an annual review will be held in the summer term of Year 5, to ensure time for planning and preparation for high school. For all pupils with SEN we will share information with the high school or specialist provision the pupil is moving to. We will agree with parents and pupils which information will be shared as part of this. Pupils will be supported to attend transition sessions at the high schools and the SENCO and Year 6 teacher will meet with relevant members of staff to support transition. Our Family Support Worker will also work with some children and families to support a smooth transition.

For some pupils with SEN or emerging SEN, the Schools and Community Team also run transition workshops in the Summer term focussing on strategies to manage anxieties and preparing for high school.

Moving to a new school- The SENCO and Headteacher will work together to ensure a secure transfer of relevant documentation and information when a change of school occurs. When transferring to another setting, there will be a discussion between the appropriate staff, usually between the SENCO and class teacher or Key Stage Lead.

Moving classes- When transferring between year groups within our school, class teachers will meet and discuss the needs of every child. Current APDR targets and pupil passports will be shared through Provision Map our online recording system. The SENCO may also attend meetings with class teachers to discuss children with specific needs and the strategies and support required for them. In Summer term 2 the children have transition days, where they spend time in their new class with their new class teacher. Children with SEND may have additional transition so they have time to adjust to the new adults and environment. In the summer term we will also provide a social story (transition document) for pupils to take home and share with their parents. This will include photos of their new classroom, teacher, teaching assistant and other key aspects of their day.

Useful Information for parents

Norfolk SEND Partnership Information, Advice and Support Service (IASS)

Norfolk SENDIASS provides free and impartial information, advice and support about special educational needs & disabilities (SEND) for children, young people, parents and carers.
